DEFICIENCIES
1. Architecture Education and Society
This deficiency was noted as “met” in the 2009 NAAB response to the program’s annual report. The condition was listed as a deficiency in 2010 in error.

2. Program Self-assessment procedures
The program’s efforts to address this deficiency are commendable. Please continue to report on the results of such initiatives as the poll of graduates, the mentoring program, and the STF’s curricular matrix.

13.9. Non-western Traditions
The program’s efforts to address this deficiency are duly noted. The VTR noted that the teaching of non-Western traditions depended on the faculty member teaching the course. The 2010 annual report notes that faculty without a background in non-Western history have not been teaching the world history courses since 2008.
