# BIM 2016: Effective, Productive, Profitable Workflows

## The Tenth Annual USC BIM Conference

Friday, July 22, 2016, 8:00 am – 5:00 pm  
USC, School of Architecture, Los Angeles, CA, USA  
Karen Kensek (kensek@usc.edu) and Douglas Noble

BIM 2016 is our most ambitious conference so far with a double track of presentations and expert speakers in architecture, engineering, and construction. When registering, please indicate your preference for which track you will be attending.

### REGISTRATION: **SOLD OUT!**

- \$35 early registration; \$95 after July 7<sup>th</sup>  
Go to [usc.edu/esvp](http://usc.edu/esvp) (code: bim2016) to register.
- Please express your preference for track 1 or track 2.
- Please register each person individually if you are doing more than one; register under their name (not yours). The names go on the badges. Please do not put TBD; if completely in doubt as to who will attend, put the firm's name as the person's name.

### KEY INFORMATION

- A stellar line-up of over 25 speakers!
- 5 AIA CEUs. Remember to add your name and number to the list on the registration table.
- Please be on time.
- As usual, there are no refunds if you do not attend (send someone else from the office instead under your name)
- This preliminary schedule is to give you an idea of who the confirmed firms are, but the times may change. Updates will be posted at <http://arch.usc.edu/bim2016>.

### LUNCH

Due to the generosity of our sponsors, we will be providing a light lunch and snacks. Please go out of your way to talk with our sponsors and thank them. We are very happy that they have chosen to support our event.

### LOCATION

Due to construction on our lecture hall in the School of Architecture, the conference will be held in Taper Hall 101 (THH 101) and Taper Hall 202 (THH 202) instead on the north side of campus. Parking is \$12 on campus; USC is also easily accessible by both the F Dash Bus and Expo Metro line.

## Façade Tectonics World Congress

<https://facadetectonics.org/>

The Façade Tectonics Institute is an international member organization with the mission of carrying out progressive and broad-based research in building facade technology. The intent is to catalyze and foster a deep dialogue of collaborative research activity that bridges the fragmented market segments of the building industry, pairing industry, government, academia, the profession, and ownership.

- If you are not yet a member of the Façade Tectonics Institute, become one!  
Hint: use discount code "*foundingmember*" for 50% off membership.
- Monday and Tuesday, October 10<sup>th</sup> and 11<sup>th</sup>, 2016
- Sheraton Grand Hotel, Los Angeles, CA
- Blind reviewed papers from both professionals and academics
- Check the website for further information
- Email Doug Noble for sponsorship opportunities (dnoble@usc.edu)
