Dear Professional:

As part of its ongoing efforts to help connect students with the profession, the USC School of Architecture and the USC Architectural Guild invite you to participate in our Mentor Program.

**USC ARCHITECTURAL GUILD MENTOR PROGRAM**

The purpose of the USC Architectural Guild Mentor Program is to provide an impactful professional Mentorship program for professional degree students, as a means to supplement their formal education and to ready them for their future various careers in the fields of architecture, landscape, construction, urban planning, etcetera.

**PARTICIPATION**

- Interested mentors should submit the attached application with a copy of their resume.
- The Architectural Guild will contact both the mentor and student about their assignment.
- Once the pairings have been announced, there will be an orientation meeting for both students and professionals on October 29. During this first kick off meeting, mentor/mentees will hear about critical University protocol and program guidelines, as well as from some exciting speakers from the profession today.
- This first meeting will be mandatory for anyone participating in the program.

**OBJECTIVES FOR MENTORS**

- Mentors are personally rewarded by the opportunity to contribute to a student’s development by building a relationship of trust that will affect the student’s vision of their life as a student and future alumnus and professional.
- Mentors inspire, inform, guide, nurture and encourage students to reach their full potential. The Mentor Program also provides an opportunity to establish a direct relationship with the School of Architecture and the USC Architectural Guild.

We look forward to your participation. Please submit your application to arcguild@usc.edu or by fax: 213.740.8884. Please include your resume.

Questions? Please contact the USC Architecture Advancement Office at 213.821.1845 or by email arcguild@usc.edu.
